Message from ICC Regional Development Manager – Europe

It gives me great pleasure to welcome all teams, players and officials to Belfast for the ICC European U/17 Division 1 Championship.

In this the 10th year of competition, Ireland will once again be defending their title which they successfully regained from Scotland last year. Playing at home, this year also sees hosts Ireland challenging for their seventh U/17 Division 1 Championship title since 1999. The other competing countries will not make it easy though with Scotland vying for their fifth title, whilst other top Associate countries The Netherlands, Denmark, Jersey and Guernsey all keen to perform well to showcase the results of their ever improving development programmes over the six-day event.

The U/17 Division 1 event is of enormous importance to the players involved as it provides an opportunity for the young hopefuls to challenge for a place in their U/19 team for future events including the 2010 U/19 ICC Cricket World Cup to be held in Kenya.

Cricket Ireland excelled in hosting this event last year and we are delighted to be returning for what I am sure will be another successful tournament. There are many people who have contributed much to the organisation of this event, not least the Tournament Organiser Richard Johnson, to whom the ICC and I are truly grateful. In addition, we are very grateful to the match officials – referee, umpires, scorers and web managers; groundsmen; match managers; and many other volunteers at host clubs who have made all this possible.

Good luck to all those involved and enjoy the tournament.

Yours sincerely

Richard Holdsworth
ICC Regional Development Manager - Europe

Tournament Welcome

Tournament Organiser,

Richard Johnson Writes:

During the past four years the NCU area will have staged four Youth Tournaments on behalf of the European Cricket Council – namely the ICC European Under-19 Championships 2006, the ICC Under-19 World Cup Qualifier 2007, and now, for the second year running, the ICC European Under-17 Championships.

These tournaments could not be run without the support of the public bodies, the clubs themselves, and, of course, the various members of the organising committees who have given their time so freely over this period.

I want to extend particular thanks to the host clubs and their club managers for agreeing to host these fixtures without whose support it would not be possible to run these Youth Tournaments. Five of the fourteen grounds being used this week hosted matches in last year's European Under-17 Championships and I am grateful for the continued support from Bangor (ever present since 2002), the Northern Ireland Civil Service Sports Association, Downpatrick Cricket Club, Hollywood Cricket Club and North Down Cricket Club. I am also delighted that the Osborne Park and Shaw's Bridge grounds return for the first time since the European Under-19 Championships. Further back, Carrickfergus Cricket Club and Waringstown Cricket Club are hosting matches for the first time since the ICC Trophy in 2005 and Larne Cricket Club return after their never to be forgotten contribution to the European Championships of 2002 when they hosted the England versus Scotland thriller. In addition, Derriaghy Cricket Club, Drumaness Cricket Club, Dundrum Cricket Club and Laurelvale Cricket Club all stage representative matches for the first time this century and this vindicates all the hard work incurred by the NCU Grounds Convenor, Neil Hunter.

Many thanks are due to John Stock, Richard Holdsworth and all the staff in the ICC Europe Office at Lords and also to Murray Power, Paddy O'Hara and Ryan McMaster for their advice over the past four months.

This is the first Youth Tournament that I have organised which has encompassed fourteen grounds and I am confident that, with the help of the Club Managers and Jason McCullough and Wylie McKinty, it will be a successful tournament.

This is Cricket Ireland's first visit to La Mon Hotel since the tragically early death of Charlie Beverland in late May; only last year Charlie sponsored the ICC European Under-17 Official Dinner and twelve months on we extend the best wishes of all the participating countries to his wife, Betty, her five children and the wider family circle.

The planning is now over and I hope that the players and officials enjoy their week and that they will leave with happy cricketing memories of their stay in Northern Ireland.

President of Cricket Ireland,

Arthur Vincent writes:

Cricket Ireland is delighted to have been invited to host the ICC European Under-17 Division 1 Championship for the second successive year. It is therefore my pleasure to extend a very warm welcome to our visitors from Denmark, Guernsey, Jersey, Netherlands and Scotland. I hope that the players, officials and supporters have a wonderful stay in Northern Ireland and enjoy good weather and companionship, playing the game we all love in a sporting manner.

International tournaments depend on the support and commitment of many volunteers and officials and to all the fourteen clubs and school may I express Cricket Ireland's gratitude. In particular I would like to thank La Mon Hotel & Country Club for their assistance in providing accommodation and organisation of the tournament dinner.

Congratulations to our own Richard Johnson and Paddy O'Hara on their appointment as Tournament Organiser and Umpire Adviser respectively.

Best wishes and good luck to all in this year's European U17 Championships.

Official Dinner at La Mon House Hotel

The official dinner for the tournament will be sponsored by La Mon Hotel & Country Club. The official trophy and medals presentation will be held at La Mon Hotel & Country Club on Saturday August 1st 2009

Welcome to Northern Ireland

Belfast (from the Irish: *Béal Feirste* meaning "mouth of the sandbars") is the capital city of Northern Ireland. It is the largest urban area in the province of Ulster, and the second largest city on the island of Ireland. The city of Belfast has a population of 267,500.

Historically, Belfast has been a centre for the Irish linen industry, tobacco production, rope-making and shipbuilding: the city's main shipbuilders, Harland and Wolff, which built the ill-fated RMS Titanic, propelled Belfast onto the global stage in the early 20th century as the largest and most productive shipyard in the world.

The city suffered greatly during the period of disruption, conflict, and destruction called the Troubles, but latterly has undergone a sustained period of calm, free from the intense political violence of former years, and substantial economic and commercial growth. Belfast city centre has undergone considerable expansion and regeneration in recent years, with the newly developed Victoria Square area attracting international attention.

Belfast is also a major seaport, with commercial and industrial docks dominating the Belfast Lough shoreline, including the famous Harland and Wolff shipyard.

Sports:

Belfast has several notable sports teams playing a diverse variety of sports including association football, rugby, Gaelic games, and ice hockey. The Northern Ireland national football team plays its home matches in Windsor Park.

Belfast was the home town of the renowned player George Best who died in November 2005.

Gaelic football is the most popular spectator sport in Ireland, and Belfast is home to over twenty football and hurling clubs

In 2007, Ireland, India and South Africa played a triangular series of one-day internationals at Stormont, and in 2008 the qualifying tournament for the ICC World Twenty20 was held there. At club level, Belfast has ten senior teams: CIYMS (Circular Road), Instonians (Shaw's Bridge), Woodvale (Ballygomartin Road) and Civil Service North (Stormont) are in the Premier League of the Northern Cricket Union; Cliftonville (Mallusk), Cooke Collegians (Shaw's Bridge) are in Section 1; Academy (Newforge Lane), Belfast International Sports Club (Mallusk) and Cregagh (Gibson Park) play in Section 2 and Police Service of Northern Ireland (Newforge Lane) are in Section 3.
